(feel free to bring a bagged lunch)

**Venue:** Diamond Health Care Centre, room 2267

With videoconference to:

- IRC 305
- PHRM 3321
- MSB 107
- RJH CA 120
- KGH CAC 237
- NHSC 9-374
- Surrey Central City (Manning Rm 4109)

*\*Please be aware that this session will be recorded and made available online to CHES members on a password-protected site.*

### Dr. Mercedes Chan

Assistant Professor  
Department of Pediatric Rheumatology  
University of Alberta

Pediatric Rheumatologist  
Stollery Children's Hospital

a place of mind  
THE UNIVERSITY OF BRITISH COLUMBIA

**ABSTRACT** Extra training beyond that which is required to practice is becoming increasingly common amongst specialty physicians and surgeons in Canada. For many this may mean additional years of clinical or research training, a graduate degree, or a combination of all of the above. During this time, doctors may be trainees, qualified practitioners, and students all at the same time. This talk will explore the experiences of qualified physicians in their pursuit of additional training as well as the effects of this on their professional identity formation.

**ABOUT** Dr. Mercedes Chan is an Assistant Professor of Pediatrics, an Adjunct Assistant Professor in the Division of Community Engagement, and a pediatric rheumatologist at the University of Alberta in Edmonton, Canada. She completed her medical training at the University of Hong Kong followed by a pediatrics residency at the University of Saskatchewan, a pediatric rheumatology fellowship at UBC, and a clinical educator fellowship through the UBC Center for Health Education Scholarship. Her medical education interests center on professional identity formation in doctors and elements within doctors' communities of practice that shape that identity. Dr. Chan is passionate about improving access to care for children with pediatric rheumatic disease around the world through education. She regularly teaches in China and South Africa and is heavily involved in the development of international pediatric rheumatology e-learning resources.

**ACCREDITATION:** As an organization accredited to sponsor continuing medical education for physicians by the Committee on Accreditation of Continuing Medical Education (CACME), the UBC Division of Continuing Professional Development designates this educational program as meeting the accreditation criteria of the College of Family Physicians of Canada for up to 1.5 Mainpro-M1 credits. This program has been reviewed and approved by UBC Division of Continuing Professional Development. Each physician should claim only those credits he/she actually spent in the activity.

*The Centre for Health Education Scholarship (CHES) is committed to enhancing health education scholarship by building capacity for educational scholarship across the Faculty of Medicine through collaboration, team-building, mentorship of new faculty, successful funding applications, and other activities.*
